## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-19 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Zaffaroni '073.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Myhling, Theeuwes 707 and Theeuwes '108 each discloses a transvaginal drug delivery device. Although each of these references is pertinent prior art, neither was used to reject any claims, in the first office action.
